

FROM: Sean Gallagan	SUBJECT: Lead Teacher Vacancy
TO: All Principals and Secondary Computer Science/ Technology/Business Teachers	DATE: March 14, 2014

Distribute this information to: All Interested Personnel K-12

A position as a lead teacher exists in the Central Region at a new grant-funded STEM high-tech high school opening Fall 2014. The three strands are: Geospatial Information Systems (GIS), Enterprise Resource Planning (ERP), and Microsoft Applications.

RESPONSIBILITIES INCLUDE:

- Recruiting interested students to prevent minority group isolation;
- Marketing the magnet program;
- Coordinating community resources related to the magnet school program;
- Facilitating the development and implementation of the magnet program curricula in collaboration with the magnet-themed content area teachers;
- Assisting with the identification of appropriate personnel qualified to teach the unique magnet curricula;
- Assisting the principal and teachers with the implementation of the specialized magnet theme;
- Coordinating daily logistical operation of the magnet school program.

Persons interested in this 10-month position should submit a resume with a cover letter and a copy of a current teaching certificate to Susan O'Connor at soconnor@dadeschools.net

REQUIREMENTS:

1. Valid Florida Teaching certification in Technology Education, Computer Science, or Business Education;
2. Minimum of three years successful teaching experience;
3. Experience with curriculum development and design;
4. "Highly Qualified" as defined by the No Child Left Behind Act of 2001;
5. Documentation of STEM subject area, program-themed expertise;
6. Demonstrate a commitment to developing and implementing the magnet-themed curriculum.

DEADLINE FOR SUBMITTING RESUME: April 4, 2014

The teacher selected for this position will be a member of the instructional staff at the new grant-funded STEM high-tech high school and will be responsible to the school principal.
